The screenshot shows the ThunderSoft Audio Recorder 8.4.0 interface. The title bar includes the application name and a 'Language' dropdown menu. A 'Guide' button is located in the top right corner. The main area is divided into several sections: 'Record From:' with radio buttons for 'Computer sounds and microphone', 'Computer sounds' (selected), and 'Microphone'. A 'Test' button is next to 'Computer sounds'. To the right, there are options for 'No auto-recording plan(s)' and 'Auto Record' (with a clock icon). Below this is a large black waveform display. At the bottom, there is an 'Output Format:' dropdown menu set to 'RA' with a 'Settings' button next to it. The 'Output Directory:' is set to 'E:\4HowCrack\4HowCrack.com' with a search icon.
