
Adele 21 is a music download site that lets you listen to the full song and download it for free. You can also create and share your own playlist of songs and then share them with friends. Adele 21 is a cool way for anyone into new music to find tracks they'll love without breaking the bank. The lyrics of every track are even displayed on screen, so you're never left guessing what some obscure song about vampires means (I mean, how do some people even make sense?). Adele 21 provides an accessible way to connect with some surprisingly deep tunes. Gus Winsor, the site's developer, was previously the Global Head of Music for BSkyB. He has worked with artists like David Bowie, Elton John and The Rolling Stones.

1st February 2010 Adele 21 is a new site dedicated to pop music. Artists like Adele, Amy Winehouse and Duffy are represented on the site. However Gus Winsor who runs Adele 21 is also involved in other music projects including The Pixies and Dark Star Orchestra.

30 June 2010 The full version of 'Blood On My Hands (featuring Soweto K segregated)' is available to download for free at download.adele21.com. This is the second track from the forthcoming EP 'Reverse' and features one of South Africa's most acclaimed and respected MCs Soweto K segregated. Having played a key role in the development of the UK urban scene as well as having been behind some of the biggest names to emerge from it, Gus Winsor is now aiming to bring those experiences to bear on a new project which he hopes will prove as successful as Adele 21. Gus Winsor, who also runs Adele 21 Limited, has set up Reverse Records with the intention of developing artists and releasing their material on a regular basis. To kick things off, Reverse Records has released their first single, 'Blood on My Hands', on October 5th. "I set up Reverse Records because there seems to be a real demand for new music. There are some great artists out there who are not getting the recognition they deserve. We are determined to give them that platform." "Tom Cappozzo has been writing music for over 11 years now and this is his debut single with Reverse Records. We are anticipating great things for Tom."

1st January 2011 Reverse Records have recently released their second single, entitled "You Don't Even Know Them". Produced by Tom Cappozzo, the single features one of South Africa's most accomplished music producers, Thelo Palmer. Thelo Palmer is known for his work with artists like Broods and the highly anticipated new artist, Jonny & The Megaproductions.

Brussels, 1 March 2013 Adele 21 has signed up two new members who are becoming active this year. Germany based producer Skibadee (Hella Blobs) and Morocco based songstress Nailah (Nailah) are both looking to make their mark on the music industry this year.
